

# Kick-off Seminar on Web

## November 13, 2020

 10:00-12:15  18:00-20:15 (Nov 12)  2:00-4:15

 9:00-11:15  11:00-13:15

Facilitator: Prof. Hiromune Ando (iGCORE and Gifu University)

**Opening Remark and Introduction of iGCORE**

by **Hiromune Ando** (iGCORE and Gifu University, Japan)

Prof. Hiromune Ando

**Stereoselective Synthesis of Sialo-glycans and Their Application to Chemical Biology Study**

by **Hiromune Ando** (iGCORE and Gifu University, Japan)

Prof. Warren Wakarchuk

Prof. Lara Mahal

**Introduction of Canadian group**

by **Warren Wakarchuk** (University of Alberta, Canada)

**The Glycomics of Host Response to Pathogens**

by **Lara Mahal** (University of Alberta, Canada)

Prof. Mark von Itzstein

Prof. Michael Jennings

**Introduction of Griffith group**

by **Mark von Itzstein** (Griffith University, Australia)

**Glycointeractions: New Opportunities to Cure and Prevent Infectious Disease**

by **Michael Jennings** (Griffith University, Australia)

## November 20, 2020

 22:00-23:45  6:00-7:45  14:00-15:45

 21:00-22:45  23:00-0:45

Facilitator: Prof. Chihiro Sato (iGCORE and Nagoya University)

**Sialic Acid Research: New Findings and Many Mysteries**

by **Ken Kitajima** (iGCORE and Nagoya University, Japan)

Prof. Ken Kitajima

**Introduction of Genomics Research Center, Academia Sinica, Taiwan**

by **Shang-Cheng Hung** (Academia Sinica, Taiwan)

Prof. Shang-Cheng Hung

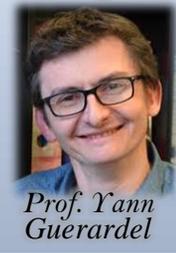

Prof. Wei-Chieh Cheng

**Developing Small Molecules to Modulate Sugar-processing Enzymes**

by **Wei-Chieh Cheng** (Academia Sinica, Taiwan)

**Introduction of the Lille group**

by **Yann Guerardel** (Université de Lille, France)

Prof. Yann Guerardel

Prof. Sophie Groux-Degroote

**Biosynthesis Mechanisms and Expression Pattern of O-Acetylated Gangliosides in Breast Cancer**

by **Sophie Groux-Degroote** (Université de Lille, France)
